the district is found to be out of compliance with significant applicable standards.

Recognition Interrupted. "Recognition interrupted" is a status granted to a district which fails to meet ICCB standards within a specified period of time after being assigned a status of recognition continued-with conditions.

Student Advisory Committee (SAC). The "Student Advisory Committee" is the ICCB student advisory committee specified in Section 2-1 of the Act.
Section 1501.102 Advisory Groups

a) Advisory Organizations. Independent organizations may be considered by the ICCB to be advisory upon petition to the State Board. Independent organizations so recognized by the ICCB as "advisory" will have the opportunity to bring matters before the ICCB during each regular ICCB meeting and will have an opportunity to provide advice to the ICCB on proposed rule and policy adoptions and matters of interest to community colleges. An advisory organization may have its recognition status withdrawn by action of the ICCB or by request of the organization. Advisory organization recognition may be granted by the ICCB at the request of an organization which meets the following criteria:

1) The organization exists independently of the ICCB and any individual college;

2) A primary purpose of the organization is to deal with matters of systemwide importance; and

3) Representatives of Illinois community college districts are included as voting members of the organization.

b) Advisory Committees -- Standing. Standing advisory committees to the ICCB will be authorized and appointed by the ICCB. Membership and terms of appointment shall be established at the time of authorization.

c) Advisory Committees -- Ad Hoc. The President/CEO is authorized to appoint ad hoc advisory committees to advise the ICCB staff on specific projects. The terms of appointment shall be for one year or less.

d) Student Advisory Committee

1) Purpose. The purposes of this committee are to:

   A) Review proposed ICCB policies.

   B) Inform the ICCB of systemwide issues that impact the education of community college students.

   C) Select the ICCB Student Member.

2) Membership. Each member of the Student Advisory Committee shall be the nonvoting student member of the local district board of trustees or a student designated by the district’s chief executive officer if the student member is unable to serve. The ICCB Student Member will serve ex officio.

3) Officers. The Student Advisory Committee shall annually select the following officers
from its membership to serve a one-year term: a Chair to conduct the meeting of the Committee; a Vice Chair to assist the Chair, to conduct the meeting if the Chair is absent, and to represent the SAC on the IBHE Student Advisory Committee; and a Recording Officer to record the minutes of all SAC meetings.

4) SAC shall elect one representative from its membership annually to serve one-year terms on each of the ICCB advisory committees (Program, Finance, Legislative, and MIS/Research) by a majority vote of members present.

5) The President/CEO of the ICCB shall call SAC meetings at least once each quarter and notify each local district board of trustees at least 30 days in advance.

6) Reimbursement. Reimbursement for actual and necessary meeting expenses of SAC members will be in accordance with Section 2-7 of the Act.

7) ICCB Meetings. The SAC report shall be given at regular ICCB meetings.

e) Selection of ICCB Student Member. The SAC will seek nominations for the ICCB Student Member from all Illinois public community colleges. Each college district can nominate one candidate for this position. The nomination shall include information such as personal information (name and address), number of credit hours (current and expected), college and community activities, resume, letters of reference, and rationale for desiring the position. The ICCB Student Member shall be elected before June 1 by a majority vote of SAC members present from all nominations who meet ICCB student membership requirements as delineated in subsection (f) below.

f) Membership Requirements of ICCB Student Member. The ICCB Student Member shall be enrolled in an Illinois public community college for a minimum course load of six semester or quarter credit hours during both the fall and spring semesters (fall/winter/spring quarters) for each term of his/her appointment. If the course load of the ICCB Student Member falls below the minimum credit hours, that member shall be replaced by a majority vote of the SAC members present at the next SAC meeting.

g) Length of Term of ICCB Student Member. The ICCB Student Member shall serve for a term of one year beginning on July 1 and expiring on June 30. No ICCB Student Member shall serve for more than two terms. Service during a partial term shall not be considered as one term.
Section 1501.104 Manuals

The President/CEO is authorized to develop and promulgate manuals for the purpose of administering ICCB rules.
Section 1501.105 Advisory Opinions

The ICCB will provide advisory opinions regarding interpretation of the Act to community colleges upon request of the President or Chair of the Board and with the approval of the ICCB Chair and President/CEO. Such opinions also will be provided to recognized advisory organizations upon request of the chair of each group, subject to the approval of the ICCB Chair and President/CEO.

The written notice requirement may be waived by the Chair.
Section 1501.110 Appeal Procedure

Any ICCB decision, not otherwise covered by a specific appeal procedure, may be appealed within thirty (30) days of the decision by submitting a written request for reconsideration of the decision to the ICCB Chair. The Chair shall review the request and place it on the agenda of the next regularly scheduled meeting of the ICCB. The appellant may make both oral and written presentations to the ICCB at the time the decision is reconsidered.
Section 1501.113 Administration of Detachments and Subsequent Annexations

a) ICCB decisions concerning approval or disapproval of requested detachments and subsequent annexations are required by Section 6-5.3 of the Act to be based on the criteria of being "in the best interests of the schools in the general area and the educational welfare of the students residing within the territory." These criteria are defined as follows:

1) *In the best interest of schools* - The effect of the proposed annexation/new district formation on:

   A) Reasonableness of cost to taxpayers of the territory being annexed to an existing community college district or becoming part of a new community college district, i.e., whether the operating tax rate of the community college district exceeds the chargeback levy of the nondistrict territory;

   B) Finances of the existing or new community college district, i.e., the equalized assessed valuation of the nondistrict territory is examined to determine how much tax revenue will be generated for the community college district to which the nondistrict territory could annex; and

   C) Enrollments of the existing district,

      i) which community college the nondistrict territory students have been attending; and

      ii) effect of additional enrollments when the nondistrict territory is annexed to a community college district.

2) *Educational welfare of students* - The effect of the proposed annexation/new district formation on:

   A) Program availability to students of the territory being annexed to an existing community college district, i.e., will the program be more available to students should annexation be approved?

   B) Physical access of students to the campus(es) of the existing or new community college district, i.e., what is the distance and time which the students must travel to attend?

   C) Cost to students to attend the existing or new community college district, i.e., what are the tuition and fees and commuting costs associated with attending that community college district?
D) And participation by students in their normal economic, cultural, and social activities, i.e., where do potential students shop, work, and attend religious and cultural events?

b) In addition to the criteria identified in subsection a, consideration will be given to the expressed wishes of local residents, such expression to be in the form of signatures on a petition submitted in accordance with the provisions of Section 6-5.3 of the Act.
Section 1501.114 Recognition

a) Recognition Provisions

1) Recognition Status. A district will be granted a status of recognition continued, recognition continued-with conditions, or recognition interrupted.

2) Effect of Recognition Continued. A district which has been granted the status of recognition continued will be entitled to receive ICCB grants for which it is otherwise entitled and eligible.

3) Effect of Recognition Continued-With Conditions. A district which has been assigned the status of recognition continued-with conditions will be entitled to receive ICCB grants for which it is otherwise entitled and eligible, but it will be given a specified time to resolve the conditions which led to its assignment to that status. A follow-up visit will be scheduled not sooner than three nor later than nine months after ICCB action on the assignment to determine the district's progress in resolving the conditions.

4) Effect of Recognition Interrupted. A district which has been assigned a status of recognition interrupted may apply for recognition at such time as all requirements set forth by the ICCB have been satisfied. A district on recognition interrupted status will have state funding suspended on a prorata, per diem basis for the period of time for which such status is in effect.

5) Recognition Action. Recognition is considered to be continuous unless action is taken to interrupt it. The ICCB will act on the recognition status of each district at a meeting subsequent to the ICCB recognition report being received. A district which previously has not been granted a recognition status by the ICCB may apply for a recognition status at any time. A district which has the status of recognition continued shall apply for continuation of that status at least 30 days prior to a scheduled recognition team visit.

b) Evaluation. The ICCB staff recognition team will conduct an in-depth evaluation of each district at least once every 5 years. Additional or alternate focused evaluations may be conducted to review circumstances of alleged gross noncompliance with ICCB standards. The purpose of the evaluation will be to determine compliance with ICCB standards. The evaluation may include an on-site visit. No district will be assigned a recognition status without having received a prior in-depth evaluation. A district will receive a draft report of the recognition team's findings no later than 30 days after the conclusion of the evaluation. The district will have 30 days to review the draft report, respond to compliance recommendations, and return the responses to ICCB. A final report will be presented to the ICCB at its next regularly scheduled meeting and will include the district's responses to the draft report's findings. Accompanying the final report will be the evaluating team's recommendation for recognition status.
c) Review and Appeal. The ICCB may place a district on a recognition interrupted status for failure to meet ICCB standards after being assigned a status of recognition continued-with conditions and receiving a follow-up evaluation if the district has not resolved the conditions within the stated time allowed. Any district whose recognition is interrupted may file a written request with the ICCB for a hearing on the decision in accordance with Section 1501.110. Pending the hearing and decision, any consequences of recognition interrupted will be suspended.

d) Recognition Standards. The recognition standards by which a district will be evaluated for recognition purposes will be the applicable statutes within the Public Community College Act and the applicable ICCB rules.

5) Identification of all estimated costs associated with the purchase and any subsequent construction and/or rehabilitation of the site/structure.

e) Project Priority Criteria. All projects must meet requirements as stated in ILCS 805/5-3 and 5-4. Capital project priorities will be established within the categories named in subsection (a) of this Section according to the following criteria:

1) New Facilities: The acquisition of buildings/additions/structures through construction of new facilities or purchase of existing facilities. Includes planning, qualifying fixed and moveable equipment as necessary to support the new facility, land acquisition required for the facility, and any site improvements or utility work necessary to support the facility. All requests for new facilities must meet the criteria specified in either subsection(b) of this Section for new construction at a primary site or subsection(d) of this Section for secondary site projects.

Each of the following criteria will be considered in establishing priorities for new facilities:

A) Type of space to be constructed (in priority order):

i) Instructional, study, office, and student areas (all weighted equally):

- Instructional space including basic classrooms, lecture halls, seminar rooms, and other rooms used primarily for scheduled instruction, both credit and noncredit. These rooms may contain multimedia or telecommunications equipment. Space utilized as classroom service, i.e., projection rooms, telecommunication control booths,
closets, etc., are included. (FICM Codes 110-115). Instructional space also includes laboratory facilities, both class and open, used for instructional purposes and service areas that serve as an extension of the activities of the laboratory (FICM Codes 210-255).

- Study areas, including all library facilities, any rooms or areas used by individuals at their convenience, general learning labs, and any service areas necessary to support the activities of these rooms. (FICM Codes 410-455).

- Office facilities that provide work areas to support the academic, administrative, and service functions of the colleges. Also includes rooms such as student counseling rooms and testing areas, staff conference rooms, file rooms, and break rooms (FICM Codes 310-355).

- Student service areas include general use facilities such as child care facilities (FICM Codes 640 and 645), food service facilities (FICM Codes 630 and 635), lounge facilities (FICM Codes 650 and 655), merchandise areas such as bookstores, student supply stores, or ticket outlet services (FICM Codes 660 and 665), and rooms utilized for recreation and amusement (FICM Codes 670 and 675). Meeting rooms used by the institution or the general public for a variety of nonclass meetings also are included (FICM Codes 680 and 685).

ii) Support areas, including central administrative computer and telecommunications rooms, maintenance shops, garages, warehouses, and storage facilities (FICM Codes 710-765).

iii) Assembly areas, including theaters, auditoriums, arenas, exhibition rooms, and concert halls used primarily for general presentations or performances. Includes areas that serve as an extension of the activities in that facility (FICM Codes 610-625).

iv) Physical education areas used for physical education instructional programs and intercollegiate and recreational activities. Includes areas such as gymnasium, athletic courts, swimming pools, and other special use athletic facilities (FICM Codes 520, 523, and 525). (Does not include specific classrooms more appropriately classified under FICM code series 100.)

v) Special use facilities not included elsewhere, such as armory, armory services, media production services, clinics, etc. (FICM Codes 510, 515, and 530-590).
B) Core Campus Considerations. Priorities will be assigned to colleges who do not have adequate core campus components in place. A core campus generally consists of classrooms, laboratories, student services, day care, learning resources/library, business and industry training services, and facilities to support high enrollment programmatic areas.

C) Space Criteria/Considerations.

i) Utilization of Existing Space. Priorities will be assigned so that the higher utilization rate generated by weekly instructional hours for credit and noncredit courses offered at permanent locations owned by the college (college holds title, lease purchase, or purchasing contract for deed), the higher the priority that will be assigned. Instructional hours are defined as those enrollments generated by students taking credit and noncredit courses.

ii) Space per Student. Requests for space will be assigned priorities so that the less existing permanent space per student available at facilities owned by the college (college holds title, lease purchase, or contract for deed), the higher the priority assigned to the project.

D) Program Considerations. Consideration will be given to the need for special facilities based on the programs to be housed in the requested facilities. Priorities will be assigned so that the greater the need for special facilities, the higher the priority. Criteria evaluated for need will include (not in priority order) but not be limited to:

i) Documented need as evidenced by the college’s accountability and productivity reviews.

ii) Labor market demand for completers of the program (as indicated by current manpower data).

iii) Unavailability of special facilities needed for the program.

iv) Other special needs or measures as described in the program justification statement submitted by the college with the project request.

2) Remodeling or Rehabilitation of Existing Facilities. Remodeling or rehabilitation projects will be evaluated on structural considerations and/or programmatic considerations and core campus considerations, if applicable to project. Requests for remodeling or rehabilitation projects must meet the criteria specified in subsection (c) of this Section. The following criteria will establish the order of remodeling/rehabilitation projects:

A) Structural Considerations (in priority order).

i) Those projects which will reduce physical health and safety hazards to
the student body and staff (e.g., structural defects/deficiencies, handicapped modifications).

ii) Overall condition of space and/or other structural integrity considerations.

iii) Those projects that will result in financial and/or natural resource savings (e.g., energy conservation).

iv) Those projects that will result in the development of more efficient utilization of existing space.

B) Program Considerations. Consideration will be given to the need for remodeling or rehabilitation of facilities based on the programs to be housed in the facilities. Priorities will be assigned so that the greater the need for remodeling or rehabilitation, the higher the priority. Criteria evaluated for need will include (not in priority order), but not be limited to:

i) Documented need as evidenced by the college’s accountability and productivity reviews.

ii) Labor market demand for completers of the program (as indicated by current manpower data).

iii) Unavailability of special facilities needed for the program.

iv) Other special needs or measures as described in the program justification statement submitted by the college with the project request.

C) Core Campus Considerations. Priorities will be assigned to colleges who demonstrate the need for remodeling or rehabilitation of existing core campus components due to either structural integrity issues or increased demand for services. A core campus generally consists of classrooms, laboratories, student services, day care, learning resources/library, business and industry training services, and facilities to support high enrollment programmatic areas.

3) Land. Requests for state funds for land purchases not related to new facilities acquisition will be evaluated based on the need to support existing campus facilities and services. Requests must meet applicable criteria specified in subsection (b) of this Section for land purchases at the primary site or subsection (d) of this Section for secondary site projects.

4) Utilities. Utilities projects (beyond a five foot perimeter of buildings) not related to new facility acquisition will be evaluated based on the need to support existing campus facilities and services.
5) Site Improvements. Site improvements not related to new facilities acquisition will be evaluated in conjunction with the facilities to which they relate and other demonstrated need.

6) Additional consideration may be given to the priority ranking of a project if it had previous ICCB approval for planning or construction.

f) Construction Standards. The following standards shall be applied in the design and construction of facilities:

1) Building Efficiency. Campuswide building efficiency should be at least 70 percent. However, individual buildings may be below this level if they are high-rise (four or more floors), include a large number of small classrooms and/or labs, or if a large portion of the building is designed for custodial or mechanical purposes to serve the entire campus.

2) Facilities Codes. All construction, remodeling, and rehabilitation of facilities shall be in compliance with the following standards:

C) National Electrical Code (National Fire Protection Association, Quincy, Massachusetts, 1988).

I) Any local building codes that may be more restrictive than the code listed above.
Section 1501.604  Locally Funded Capital Projects

a) All locally funded capital projects shall meet the same codes or standards listed in Section 1501.603(f)(2).

b) Requests for ICCB approval of locally funded capital projects shall be submitted using forms prescribed by the ICCB. All locally funded capital projects must receive prior ICCB approval except those meeting any one of the following criteria:

1) A project which meets the definition of a maintenance project as specified in Section 1501.601.

2) A project which does not create a change in room use.

3) A project which is less than $250,000 regardless of the work being performed.

c) Requests for ICCB approval of locally funded capital projects shall be submitted to the ICCB according to the following criteria:

1) All capital projects other than those excluded in Section 1501.604(b) require ICCB approval during the design phase of the project.

2) Capital projects estimated to cost in excess of $2.5 million shall be reported to the ICCB following a project needs assessment.

3) The final budget and scope of the project shall be reported to the ICCB after bids are received but before contracts are awarded. If the budget or scope exceeds that approved by the ICCB, the project shall be resubmitted for approval.

d) Application Criteria for New Construction Projects at the Primary Site. Applications for new construction projects submitted to the ICCB shall have attached to them the following:

1) A copy of the resolution or motion passed by the local board of trustees approving the budget and scope of the project.

2) A statement identifying the source of local funds for the project.

3) For primary sites, certification shall be provided that a suitable construction site is available. Suitability is determined through a site feasibility study. The feasibility study shall address, at a minimum, the following:

   A) The location of the site in relation to geography and population of the entire district and its relation to sites of the district's other colleges, community college facilities in other contiguous districts, and other higher education facilities in contiguous districts.
B) The impact on the surrounding environment, including the effect of increased traffic flow.

C) Accessibility to the site by existing and planned highways and/or streets.

D) Cost of development of the site in relation to topography, soil condition, and utilities.

E) Size of the proposed site in relation to projected student population (as determined by census data) and land cost.

F) The number, location, and characteristics (types of terrain, geography, roadway access, and suitability of the site for building purposes) of alternative sites considered.

4) Requests for primary site acquisition shall include three appraisals of the property.

5) Evidence of need for the space requested shall be provided either on a general enrollment basis as specified in Section 1501.603(e)(4)(C) or a specific program need basis as specified in Section 1501.603(e)(4)(D).

6) The project shall be within the mission of a community college as set forth in Section 1-2(e) of the Act.

1) A copy of the proposed lease agreement showing that income is sufficient to pay the costs of constructing or acquiring and operating and maintaining the facility for the life of the installment loan arrangement entered into by the college.

2) A copy of the loan arrangement entered into by the college showing the installment costs to be incurred by the college.

3) Any other agreement between the college and another group which commits funds toward the project by that group.

f) Application Criteria for Remodeling and Rehabilitation Projects. Projects to remodel and rehabilitate a facility shall require submittal of the following:

1) A copy of the resolution or motion passed by the local board of trustees approving the budget and scope of the project.

2) A statement identifying the source of local funds for the project.
3) A summary detailing the effects of the remodeling on space usage (classrooms, laboratories, offices...).

4) A justification statement regarding the need to remodel.

g) Application Criteria for Secondary Site Projects. Projects for the acquisition/ construction of a new site and/or structure for purposes other than a primary site facility and projects for acquisition of sites and/or structures adjacent to the primary site shall require submittal of the following:

   A) Funds are available to procure the site.
   B) The programs offered have been approved by the ICCB and IBHE or approval of these stated programs by those boards is pending.

2) Copies of at least two appraisals of the property.

3) Verification that the condition of the facility is not a threat to public safety. This shall include tests of structural integrity, asbestos, toxic materials, underground storage tanks, and other hazardous conditions. (Findings regarding the existence of these hazards shall not preclude the procurement of the site/structure but the knowledge of the hazardous condition and any costs incurred in correcting the condition shall be incorporated into the total cost of procuring the facility.)

4) Identification of the location of the site and its relationship to the main campus, community college facilities in other contiguous districts, and other higher education facilities in contiguous districts.

Stat. 1991, ch. 102, pars 41 et seq).
APPENDIX B: AMERICAN WITH DISABILITIES ACT GRIEVANCE PROCEDURES

Section 1050.10 Purpose

a) This Americans with Disabilities Act Grievance Procedure ("Procedure") is established pursuant to the Americans with Disabilities Act of 1990, 42 USC Section 12101 ("ADA") and specifically Section 35.107 of the Title II regulations, 28 CFR Part 35, requiring that a grievance procedure be established to resolve grievances asserted by qualified individuals with disabilities. Should any individual desire to review the ADA or its regulations to understand the rights, privileges, and remedies afforded by it, please contact the Designated Coordinator.

b) In general, the ADA requires that each program, service, and activity offered by the Board, when viewed in its entirety, be readily accessible to and usable by a qualified individual with disabilities.

c) It is the intention of the Board to foster open communications with all individuals requesting readily accessible programs, services, and activities. The Board encourages supervisors of programs, services, and activities to respond to requests for modifications before they become a grievance.

Section 1050.20 Definitions

"Board" is the Illinois Community College Board.

"Grievance" is any complaint under the ADA by an individual with a disability who meets the essential eligibility requirements for participation in or receipt of the benefits of a program, activity, or service offered by the Board, and believes he or she has been excluded from participation in, or denied the benefits of any program, service, or activity of the Board or has been subject to discrimination by the Board.

"Complainant" is an individual with a disability who files a Grievance Form provided by the Board under this procedure.

"Designated Coordinator" is the person appointed by the President/CEO who is responsible for the coordination of efforts of the Board to comply with and carry out its responsibilities under Title II of the ADA including investigation of grievances filed by complainants. See 28 CFR 35.107.
Section 1050.30 Procedure

a) Grievances must be submitted through the channels defined below in the form described and within the specified time limits. It is mutually desirable and beneficial that grievances be satisfactorily resolved in a prompt manner. Time limits established in this procedure are in calendar days, unless otherwise stated, and may be extended by mutual agreement in writing by the complainant and the reviewer at the Designated Coordinator and Final Levels.

b) A complainant's failure to submit a grievance, or to submit or appeal it to the next level of procedure within the specified time limits shall mean that the complainant has withdrawn the grievance or has accepted the last response given in the grievance procedures as the Board's last response.

c) The Board shall, upon being informed of the individual's desire to file a formal grievance, instruct the individual how to receive a copy of the Grievance Form.

Section 1050.40 Designated Coordinator Level

a) If an individual desires to file a formal written grievance, the individual shall promptly, but no later than 180 days after the alleged discrimination, submit the grievance to the Designated Coordinator in writing on the Grievance Form prescribed for that purpose. The Grievance Form must be completed in full in order to receive proper consideration by the Designated Coordinator.

b) Upon request, assistance shall be provided by the Board to complete the Grievance Form.

c) The Designated Coordinator, or his or her representative, shall investigate the grievance and shall make reasonable efforts to resolve it. The Designated Coordinator shall provide a written response to the complainant and the President/CEO within 10 business days after receipt of the Grievance Form.

Section 1050.50 Final Level

a) If the grievance has not been resolved at the Designated Coordinator Level to the satisfaction of the complainant, the complainant may submit a copy of the Grievance Form and Designated Coordinator’s response to the President/CEO of the Board for final review. The complainant shall submit these documents to the President/CEO, together with a short written statement explaining the reasons for dissatisfaction with the Designated Coordinator's written response, within five business days after receipt by the complainant of the Designated Coordinator's response.
b) The President/CEO shall appoint a three-member panel to review the grievance at the Final Level. One member so appointed shall be the designated chairperson.

c) The complainant shall be afforded an opportunity to appear before the panel and shall have a right to appoint a representative to appear on his or her behalf. The panel shall review the Designated Coordinator's written response and may conduct interviews and seek advice as it deems appropriate.

d) Upon reaching concurrence, the panel shall make a recommendation in writing to the President/CEO as to the proper resolution of the grievance. All such recommendations shall include reasons for the recommendations and shall bear the signatures of the concurring panel members. A dissenting member of the panel may make a signed recommendation to the President/CEO.

e) Upon receipt of recommendations from the panel, the President/CEO shall approve, disapprove, or modify the panel recommendations; shall render a decision thereon in writing; shall state the basis therefore; and shall cause a copy of the decision to be served on the parties. The President/CEO's decision shall be final. If the President/CEO disapproves or modifies the panel recommendations, he or she shall include written reasons for such disapproval or modification.

f) The Grievance Form, the Designated Coordinator's response, the statement of reasons for dissatisfaction, the recommendations of the panel, and the decision of the President/CEO shall be maintained for a period of three years.

Section 1050.60 Accessibility

The Board shall ensure that all stages of the procedure are accessible to and usable by individuals with disabilities.

Section 1050.70 Case-by-Case Resolution

Each grievance involves a unique set of factors. Accordingly, termination of a grievance at any level, whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.
