PAYMENT STATUS UPDATE

As you are probably aware, the State of Illinois is currently out of bond funds, which is the source of money for paying CDB contracts. The last payments CDB processed occurred approximately April 24, 2003. No payments can be made until approximately 30 days following a bond sale, which will replenish the fund. Based upon discussions with the Governor’s Office of Management and Budget, CDB anticipates that a bond sale will occur within the next two weeks. That means money should be available around June 30th.

The State of Illinois is taking special steps to be able to quickly process invoice-vouchers that have been delayed by this problem. This includes fully processing the vouchers, and preparing an electronic data medium that is used to issue state checks. As soon as the bond fund is replenished, the payments will be processed, with checks being issued within one or two days.

The State Prompt Payment Act (30 ILCS 540) provides that a timely payment is one that is made within 60 days of receipt of a proper pay request. After that time period, the Act provides that late payments will have interest applied at 1% per month. CDB understands that a 60-day period can present difficulties, and is doing everything that it can to pay approved invoice-vouchers within 60 days.

This is a very difficult time for the Capital program. CDB appreciates the patience of our business partners in this matter and the commitment to CDB projects and the people of the State of Illinois. If you have further questions, please contact your project manager.

TEMPORARY PROJECT HOLDS REMAIN IN EFFECT

All CDB project bids, contract awards and modifications have been temporarily suspended subject to review by the Administration’s Bureau of the Budget (BoB). No projects have been canceled or frozen. Emergency and life safety projects are proceeding.

CDB continues to schedule bids and will take action on a project-by-project basis pending further direction from BoB. Please contact the project architect or project manager to assess the status of bid openings prior to attending a scheduled bid opening. When bid openings are canceled, bid dates will be rescheduled and posted on the Project Rebid page of our website (http://www.cdb.state.il.us/rebid.shtml).

We apologize for any inconvenience and will post any change to this policy on our website: www.cdb.state.il.us.

NEWSLETTER TO BE PUBLISHED ONLY ONLINE AFTER JULY ISSUE

To save production and postage costs, this publication will only be available electronically, via the Internet, starting with the August 2003 issue. The last printed copy of the newsletter will mailed at the end of June (posted to the website on June 20). The move is being made as part of the agency’s effort to reduce administrative costs in light of budget cuts.

POSTING OF THIS PUBLICATION ON OUR WEBSITE IS THE OFFICIAL ADVERTISEMENT OF BIDS

As specified in Illinois’ Procurement Code, bids must be posted on our website for 14 days prior to the bid opening. This publication, the Bid Information Newsletter, is CDB’s official procurement bulletin. It is posted to our website, www.cdb.state.il.us, on the 20th of each month. The 14 days begins with that posting. A link to Rebid Notices can be found on our homepage under the “Procurement Opportunity Information” heading. Rebids notices are not included in the hard copy version of the Bid Information Newsletter that is mailed to prequalified firms.
