The Capital Development Board is the construction management arm of Illinois state government. It was created in July 1972 by the Illinois General Assembly to oversee all aspects of public construction financed wholly or in part by state funds.

A bi-monthly publication, the Bid Information Newsletter (BIN), is provided free of charge to all CDB-prequalified design and construction firms to notify them of CDB programs and policy; to facilitate their participation in CDB construction projects; and for their use in tracking project information.

The information in this periodical is the legal advertisement required by the Illinois Procurement Code.

Introduction

State law now requires all contractors and sub-contractors working on state construction projects to submit certified payroll records to the Capital Development Board. Contractors must submit these records once a month. The payroll records must include all workers employed by contractors on a CDB project.

Complying with this new law:

How do I submit certified payroll records to CDB?

Payroll records will be accepted by CDB in a paper or electronic format.

- **E-Mail** your records to:

  CentralFiles@cdb.state.il.us

- **Mail** or **Hand Deliver** a CD or paper record to:

  Certified Payroll
  Capital Development Board
  3rd Floor Stratton Office Building
  401 South Spring Street
  Springfield, IL 62706

  All certified payroll submissions must include the nine-digit CDB project number and the prime contractor’s CDB contract identification number. Sub-contractors, please include the prime contractor’s CDB contract identification number. All electronic submissions must be in the “Word”, “PDF” or “TIF” format. Please submit all records in one file.

  To expedite the data storage process, all certified payroll records submitted to the Capital Development Board must include a completed CDB cover sheet. The cover sheet for certified payroll submissions can be found in the CDB Website's Reference Library under the heading “Certified Payroll Cover Sheet”. Data required on the Cover Sheet includes:

  - Project Number
  - Pay Period Ending Date
  - Contract Number
  - Name of firm and designation: Please tell us whether you are a “prime” contractor or a “sub” contractor.
What information do I have to supply?

For each project managed by CDB, contractors and sub-contractors must submit:

- For each employee:
  - Name
  - Address
  - Telephone number
  - Social Security number
  - Classification or classifications
  - Hourly wages paid in each pay period
  - The number of hours worked each day in the pay period
  - The starting and ending times of each work day in the pay period.

- A statement signed by the contractor or sub-contractor certifying that the records are true and accurate; that the hourly wage paid each worker is not less than the general prevailing wage rate; and that the contractor is aware that knowingly filing a false certified payroll is a misdemeanor crime.

Does CDB require the information to be submitted in a certain way?

No, as long as all of the information is reported.

Do I have to submit a certified payroll for all of my employees?

No. You must submit a certified payroll only for employees working on a CDB-managed public works project. Existing state law defines these employees as:

"Only such laborers, workers and mechanics as are directly employed by contractors or subcontractors in actual construction work on the site of the building or construction job, and laborers, workers and mechanics engaged in the transportation of materials and equipment to or from the site, but not including the transportation by sellers and suppliers or the manufacture or processing of materials or equipment, in the execution of any contract or contracts for public works shall be deemed to be employed upon public works".

Do I have to submit certified payrolls of my suppliers or their sub-contractors?

No. The legal definition of public works employees excludes the employees and sub-contractors of suppliers and the manufacturers or processors of materials and equipment.

Do sub-contractors submit their reports separately, or do prime contractors have to collect and submit the reports of all their sub-contractors?

It is the responsibility of each firm to submit certified payrolls every month. Prime contractors are not responsible for the submissions of sub-contractors. Prime contractors may collect certified payroll reports from their sub-contractors and submit them as one package if they so choose. These decisions should be made cooperatively by each prime contractor and sub-contractor.

Is there a penalty if I don’t submit a certified payroll to CDB?

Failing to submit a certified payroll or knowingly filing a false payroll is a Class B misdemeanor, punishable by up to six months in jail.
Is a general contractor liable for false information supplied by a sub-contractor?

No; as long as the general contractor does not knowingly submit a false certified payroll submitted by a sub-contractor.

Is commercial software available to help me record certified payrolls?

Yes. Several software companies manufacture programs that will help any kind of company track and record certified payroll information. Three firms that have been mentioned to CDB are:

- Cheetah Advanced Technologies, Inc.
  Fort Collins, Colorado
  800-323-7662
  www.cheetahware.com

- BidTech, Inc.
  Edmonton, Alberta, Canada
  877-482-6114
  www.bidtech.ca

- Sage Timberline Office
  Beaverton, Oregon
  503-690-6775
  www.sagetimberlineoffice.com

What is CDB going to do with these records?

Under the law, CDB will retain these certified payroll records for three years. Most of the information is considered public record and will be available through the Freedom of Information Act. An employee’s address, telephone number and social security number will not be released by CDB.

Does this law require submissions only to the Capital Development Board?

No. All contractors engaged in any public works project must submit monthly certified payroll reports to the government agency managing the project.

When did this law take effect?

The law was signed and became effective on August 10, 2005.

How can I find a copy of this law?

This new requirement was the subject of House Bill 188, which was approved by the General Assembly in May, 2005. The bill amends Chapter 820 of the Illinois Compiled Statutes, Section 130/5. The new law can be found on-line by visiting www.ilga.gov and going to the “bill search” page.
ECONOMIC DEVELOPMENT INITIATIVE

This bulletin may contain projects that Governor Blagojevich has deemed to be particularly important to the local economy. Because of the impact these jobs will have in creating jobs and making the region more attractive to businesses, CDB will rigorously enforce the project schedules. Please keep this in mind when submitting on economic development projects, which are designated in the bulletin descriptions.

POSTING OF THIS PUBLICATION ON OUR WEBSITE IS THE OFFICIAL ADVERTISEMENT OF BIDS

As specified in Illinois’ Procurement Code, bids must be posted on our website for 14 days prior to the bid opening. This publication, the Bid Information Newsletter, is CDB’s official procurement bulletin. It is posted to our website, www.cdb.state.il.us, on the 15th and the 30th of each month. The 14 days begins with each posting. A link to Rebid Notices can be found on our homepage under the “Procurement Opportunity Information” heading.
Buy Illinois Program

Under Governor Blagojevich's new "Buy Illinois" program, CDB is encouraging contractors to incorporate products manufactured, fabricated, or assembled in the State of Illinois. It is a voluntary program; there is no incentive provision affecting the award of the contract nor is there a required percent of the contract that must be Illinois products.

Illinois products will be indicated in the project manual with (IL) preceding the item in the specification paragraph. Typically, only specifications that are prescriptive, those listing three or more manufacturers, will be in the program. Contractors should consider these products when procuring the materials and equipment for the project. If the contractor is aware of an Illinois product not listed, the contractor is encouraged to advise the A/E prior to bidding or offer a product substitution with the bid. CDB will verify that the product meets the definition of an Illinois product and add it to CDB’s "Buy Illinois Product Directory."

Contractors should provide the total amount of Illinois products on the Contractor’s Schedule of Values (CSV) as indicated on the form. Where material is specified by standards and codes and not by a list of acceptable manufacturers, contractors are still encouraged to purchase Illinois products, though CDB will not track them.

To find out more about the program or add a company to the Directory please visit the CDB website at www.cdb.state.il.us or call Wayne Huckabee at 217/785-4250.
