ORDER

By the Commission:

I. PROCEDURAL HISTORY

On June 14, 2007, pursuant to 83 Illinois Administrative Code Part 763, Illinois Bell Telephone Company (“Illinois Bell”) and 360networks (USA) inc. (“360networks”), filed a joint petition for approval of the Interconnection Agreement dated May 17, 2007, under Section 252 of the Telecommunications Act of 1996 (47 U.S.C. §§ 151 et seq.) (“the Act”). The Agreement was submitted with the petition. A statement in support of the petition was filed along with verifications sworn to by Eddie A. Reed on behalf of Illinois Bell and by Michel Singer-Nelson on behalf of 360networks, stating that the facts contained in the petition are true and correct to the best of their knowledge, information, and belief.

Pursuant to notice as required by law and the rules and regulations of the Commission, this matter came on for hearing by a duly authorized Administrative Law Judge of the Commission at its offices in Chicago, Illinois, on August 2, 2007. Staff filed the Verified Statement of A. Olusanjo Omoniyi of the Commission’s Telecommunications Division. At the hearing on June 21, Illinois Bell, 360networks and Staff appeared and agreed that there were no unresolved issues in this proceeding. Mr. Omoniyi’s Verified Statement was admitted into evidence and the record was marked “Heard and Taken.”

II. SECTION 252 OF THE TELECOMMUNICATIONS ACT

Section 252(a)(1) of the Act allows parties to enter into negotiated agreements regarding requests for interconnection services or network elements. Illinois Bell and 360networks have negotiated such an Agreement and submitted it for approval in this proceeding.
Section 252(e)(1) of the Act provides, in part, that "[a]ny interconnection agreement adopted by negotiation...shall be submitted for approval to the State Commission." This Section further provides that a State Commission to which such an agreement is submitted "shall approve or reject the agreement, with written findings as to any deficiencies." Section 252(e)(2) provides that the State Commission may only reject the negotiated agreement if it finds that "the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement" or that "the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity."

Section 252(e)(4) provides that the agreement shall be deemed approved if the State Commission fails to act within 90 days after submission by the parties. This provision further states that "(n)o State court shall have jurisdiction to review the action of a State Commission in approving or rejecting an agreement under this section". Section 252(e)(5) provides for preemption by the Federal Communications Commission if a State Commission fails to carry out its responsibility, and Section 252(e)(6) provides that any party aggrieved by a State Commission’s determination on a negotiated agreement may bring an action in the appropriate Federal District Court.

Section 252(h) requires a State Commission to make a copy of each agreement approved under subsection (3) "available for public inspection and copying within 10 days after the agreement or statement is approved." Section 252(i) requires a local exchange carrier to "make available any interconnection, service, or network element provided under an agreement approved under this section to which it is a party to any other requesting telecommunications carrier upon the same terms and conditions as those provided in the agreement."

III. THE AGREEMENT

360networks adopted the terms of an Agreement between Illinois Bell and MClmetro Access Transmission Services LLC dated April 26, 2005. The instant Agreement expires on May 1, 2008 and establishes the financial and operational terms for the physical interconnection between Illinois Bell’s and 360network’s networks based on mutual and reciprocal compensation; unbundled access to Illinois Bell’s network elements including Illinois Bell’s operations support system functions; physical collocation; number portability; resale; and a variety of other business relationships. This Agreement shall remain in effect for three years after the effective date and will continue in full force and effect thereafter until (i) superseded or (ii) terminated. No earlier that 180 days before expiration of the term, either Party may request negotiations to replace this Agreement by providing the other Party with a written request to enter into negotiations.

IV. POSITIONS OF THE PARTIES

No party contended that the Agreement is discriminatory or contrary to the public interest. Staff reviewed the Agreement in the context of the criteria contained in Section 252(e)(2)(A) of the
Act and determined that it met the necessary requirements. Under this Section, the Commission may reject an agreement, or any portion thereof, adopted by negotiation under Subsection (a) only if it finds that (i) the agreement, or a portion thereof, discriminates against a telecommunications carrier not a party to the agreement; or (ii) the implementation of such an agreement, or a portion thereof, is not consistent with the public interest, convenience and necessity.

Mr. Omoniyi stated that the Agreement meets the standards set forth in the Telecommunications Act of 1996 and is consistent with the public interest, convenience and necessity. There are no contested issues in this docket. Staff recommended that the Commission approve the Agreement for the reasons set forth in the Verified Statement of Mr. Omoniyi. Staff also recommended that the Commission require Illinois Bell to file with the Office of the Chief Clerk, within five (5) days from the date upon which the Agreement is approved, a verified statement that the approved Agreement is the same as the Agreement filed in this Docket with the Verified Petition, as amended by the Joint Petitioners’ stipulation.
