DEPARTMENT OF AGRICULTURE

NOTICE OF PROPOSED AMENDMENTS

(Source: Amended at 28 Ill. Reg. ______, effective ____________)

Section 260.10 Appropriations

a) Eligibility of fair associations or agricultural societies to participate in appropriations from the Agricultural Premium Fund shall be as set forth in Sections 3, 5 and 7 of the Act. Any newly organized fair association or agricultural society must receive an appropriation for their first year's fair as set forth in Section 6 of the Act, and in subsequent years the Department of Agriculture shall include the appropriation for that fair as part of its annual budget.

b) Appropriations made to the Department of Agriculture for disbursement to fair associations or agricultural societies shall not be used to pay for personnel, premiums and expenses of acts which are primarily for the entertainment of persons (e.g., grandstand shows, variety acts, bands, clowns, queen contests, showmanship events, machinery shows, demolition derbies, parades, balloon races, auto races, motorcycle races, human races, baton twirling, bocce ball, and amateur contests), except for those exhibits and events relating to agriculture as identified in Section 9 of the Act. 4-H Club fairs and exhibitions receive an appropriation in accordance with Section 14 of the Act and, therefore, 4-H Club classes do not qualify for reimbursement of State Aid for premiums paid.

c) Appropriations shall not be used for salaries of officers of the fair or for personnel hired or contracted for by the fair officers (Sections 9 and 22 of the Agricultural Fair Act, 30 ILCS 120/9 and 22).

d) Contributions, such as money, ribbons, trophies, rosettes, blankets, or wreaths, made by and/or expenses incurred by persons or organizations sponsoring events or classes, other than the fair association or agricultural society, are not eligible for premium State aid.

(Source: Amended at 28 Ill. Reg. ______, effective ____________)

Section 260.15 Declaration of Intention

a) On or before December 31 of the year preceding the year in which a fair association or agricultural society will participate in the Agricultural Premium Fund appropriation, the fair association or agricultural society shall file a Declaration of Intention with the Bureau. A fee of $25 will be deducted each day

DEPARTMENT OF AGRICULTURE

NOTICE OF PROPOSED AMENDMENTS

The Bureau shall mail Declaration of Intention forms to each fair association or agricultural society that participated in the previous year's appropriation and to any newly organized fair that receives an appropriation in accordance with Section 6 of the Act. Failure to receive this form shall not relieve the fair association or agricultural society from filing the Declaration of Intention.

b) The following information shall be submitted on the Declaration of Intention:

1) Names and addresses of the fair's officers.
2) The location of the fair.
3) The dates of the next year's exhibition.
4) The approximate amount of premiums to be offered in each department and the maximum amount of premiums to be offered by the fair.
5) Estimated costs of trophies, ribbons and rosettes, including engraving, for those classes that are eligible for State Aid in accordance with Section 9 of the Act.
6) Name, address and telephone number of the person who is responsible for filing the premium grand summary report if this person is other than the secretary of the fair association or agricultural society.
7) Which Division (Division I or Division II) shall be used for the 100% reimbursement of the first $2,000. This reimbursement may be divided on a 50/50 basis or any combination thereof between the two divisions. If this information is omitted, the 100% reimbursement of the first $2,000 shall be taken in Division I.
8) Signatures of the officers (i.e., President, Secretary and Treasurer) of the fair association or agricultural society.

e) The Declaration of Intention shall be notarized by a notary public.

cd) The secretary or the designated contact person for the fair shall notify the Bureau in writing when changes occur in the fair's officers and/or the person designated as the contact person.
Once the Declaration of Intention is filed with the Bureau, the dates of exhibition may be changed only due to an emergency or because the wrong dates were submitted. Before the fair association or agricultural society may change the dates of exhibition or advertise such change, the fair association or agricultural society must notify the Bureau in writing and request the dates of the fair be changed, giving the new dates and the reason for such change. The Bureau shall approve the change in the dates when an emergency exists (e.g., the fair cannot get a carnival, events conflict with a neighboring fair or the State Fair, rehabilitation or repair projects are not completed, or severe weather caused destruction to the facilities) or if the change in the dates will avoid conflict with neighboring fairs or the State Fair.

Before any change is made in the amount of premiums offered in the fair's program from that amount as originally submitted on the Declaration of Intention, the fair association or agricultural society shall request approval of such change in writing from the Bureau. Within 10 days after the receipt of the fair's request, the Bureau shall notify the fair secretary or designated contact person of the Bureau's decision on whether to permit a change in the amount of premiums offered. The Bureau shall approve changes in the amount of premiums offered when the number of participants in or lack of participation in classes indicates such change is needed or when costs, such as for trophies, ribbons, rosettes, or engraving, were omitted from the Declaration of Intention until the fair's premium book is printed.

(Source: Amended at 28 Ill. Reg. _______, effective ____________)

Section 260.20  Premium State Aid Payable on the Authorized Base

a) Premium State aid shall be paid to the fair association or agricultural society based upon each fair's authorized base. The authorized base shall be determined in accordance with the provisions of Section 10(a) and (b) of the Act. The authorized base for newly organized fairs shall be the same as the first year's appropriation for that fair.

b) The distribution of premiums must be in compliance with the provisions of Section 9(a) of the Act in order to be eligible for premium State Aid. The premium grand summary report shall be filed with the Bureau in accordance with provisions of Section 12 of the Act and Section 260.100.
DEPARTMENT OF AGRICULTURE

NOTICE OF PROPOSED AMENDMENTS

d) Failure to comply with the provisions of this Section shall cause all premiums awarded in those classes where the violation occurred to be ineligible for premium State Aid.

(Source: Amended at 28 Ill. Reg. _____, effective ____________)

Section 260.30 Premiums and Receipts for Premiums Paid

a) All premiums shall be paid by the fair association or agricultural society to the winners and persons who placed in each class prior to the filing of the premium grand summary report. A receipt showing the amount of each premium paid and the exhibitor's social security number shall be signed by the exhibitor who won or placed in the class and was paid the premium. If the exhibitor is unable to personally pick up the premium money, the person picking up or mailing the check shall sign the exhibitor's name and write "by" and his or her name and address. Falsifying a receipt by someone else signing the exhibitor's name, except as provided above, or obtaining signed receipts before premiums are paid shall result in denial of State Aid for the amount of that premium.

b) All receipts for premiums paid shall accompany the premium grand summary report in support of claims. If, in a few cases, the secretary or the person designated to file the premium grand summary report is unable to obtain a signed receipt, the cancelled check or a photostatic copy of the cancelled check shall be attached to the unsigned receipt. The cancelled check (or copy of the cancelled check) shall remain as a part of the premium grand summary report and shall not be returned to the fair association or agricultural society. The original of the receipt shall accompany the premium grand summary report, a copy of the receipt shall be given to the exhibitor, and a copy of the receipt shall be retained for three years by the fair association or agricultural society.

c) Each exhibitor's receipt shall be totaled separately. The receipts shall be kept separated according to each department.

d) Premium State Aid will be paid on a maximum of two premiums awarded to the same exhibitor under the same premium number. Where only one exhibit is entered in a class, the exhibit shall be declared first place and be paid the first place premium. Except for stake races in Division II, only one premium shall be eligible for reimbursement of State Aid in each sweepstake or champion.
DEPARTMENT OF AGRICULTURE

NOTICE OF PROPOSED AMENDMENTS

class. Premium State aid shall be paid on a maximum of 10 placings under any one premium number. Premiums awarded under the Danish system (where premiums are based upon the number of entrants) or group system of placing are not eligible for State Aid. The premium amounts must be on a graduated scale.

e) The costs of ribbons, rosettes and trophies, including engraving, are eligible for premium State aid when they are awarded in classes that are eligible for premium State aid. An itemized invoice showing only the items as before stated that are eligible for premium State aid shall accompany the premium grand summary report. Invoices for trophies, ribbons, or rosettes must show the business from which they were purchased. Where the ribbon, rosette, trophy and/or the engraving on the trophy is paid by an organization or person sponsoring the event, these costs are not eligible for premium State aid.

f) In order to qualify for premiums, entries must show in their proper classes (i.e., according to age, sex, breed, or other qualifications as established for the exhibit or event by the fair association or agricultural society; five-gaited horses cannot show as three-gaited, and polled herefords cannot show in the horned hereford class). Combining of classes, such as the polled herefords with the horned herefords, will disqualify such combined classes for premium State aid, except where the classes were advertised as combined classes in the premium book.

Section 260.35 Stall or Pen Fees

Stall or pen fees shall be set and charged by the fair association or agricultural society. Stall or pen fees must be published in the premium book (see Section 260.55) and once they are published they cannot be changed. The fair association or agricultural society may set stall or pen fees as one sum which will cover all the days of the fair. The stall or pen fee that may be charged shall be set by the fair association or agricultural society.

number, nor more than 75% of the smallest premium offered. Where either percentage is violated, the amount of the excess entry fee that was charged shall be deducted from the amount of premiums paid in that particular class when determining State Aid reimbursement.

b) The amount of the entry fee charged must be printed in the premium book for each department and shall be shown separately from stall or pen fees that are charged by the fair association or agricultural society. The entry fee shall be for each class entered and not for each animal.

c) All fairs participating in the Agricultural Premium Fund must submit an entry fee certification form to the Bureau of County Fairs and Horse Racing, on a form provided by the Bureau, signed by the fair president, secretary and treasurer stating that all entry fees are in compliance with Section 260.40(a). The entry fee certification form is to be submitted to the Bureau of County Fairs and Horse Racing at least 10 days prior to the opening day of the fair together with two premium books. A fee of $25 will be deducted each day the form is late from the total premiums awarded at the fair. Reimbursement shall be delayed until such time the certification is received by the Bureau.

The number of days the exhibit or livestock must be on the fairgrounds for exhibition shall be indicated in the Premium Book (see Section 260.55). If recommended by the county fair's veterinarian and approved by fair management, early dismissal of livestock may be granted by the Bureau for the following reasons: disease outbreak, severe hot weather, or other existing conditions which may result in the death of livestock. The Bureau may also grant early dismissal of livestock and other exhibits in emergency situations upon recommendation of fair management in the case where facilities have been lost due to fire, wind or heavy rain damage to tents and barns, or loss of electrical power, or if facilities cannot accommodate livestock due to space limitations.

b) Junior shows shall comply with Section 260.95(c) regarding the presence of livestock and exhibits on the fairgrounds.

Activities of a licensed dietitian nutritionist do not include the medical differential diagnosis of the health status of an individual. "Licensed dietitian" means a person licensed by the Department until October 31, 2003, to practice dietetics as defined in Section 10 of the Act. Dietetics include all aspects of nutrition care for individuals and groups, including, but not limited to, nutrition assessment, nutrition counseling, nutrition education, nutrition service and medical nutrition care. Activities of a licensed dietitian do not include the medical differential diagnoses of the health status of an individual. " Licensed nutrition counselor" means a person licensed by the Department until October 31, 2003, to provide nutrition services as defined in Section 10 of the Act. "Medical nutrition therapy " means the component of nutrition care that deals with interpreting and recommending nutrient needs relative to medically prescribed diets, including, but not limited to, tube feedings, specialized intravenous solutions and specialized oral feedings; food and prescription drug interactions; and developing and managing food service operations whose chief function is nutrition care and providing medically prescribed diets.

"Nutrition assessment" means the evaluation of the nutrition needs of individuals or groups using appropriate data to determine nutrient needs or status and make appropriate nutrition recommendations. Provision of food for general sustenance of being is not construed as nutrition care and not subject to regulation under the Act and this Part.

"Restorative care to attainment of optimal health" relates to the use of foods, nutrients and/or dietary supplements for individuals or groups who may or may not have a diagnosed disease or medical condition, as long as it is not medical nutrition therapy. Sections 1248.30 and 1248.40 set forth the application process and requirements for euthanasia agencies, while 1248.50 details the requirements for certification as a euthanasia technician. Included are the procedures for storing the drugs to be used, as well as equipment requirements that must be met. Fees for certification and renewal, as well as general processing fees, are set forth in Section 1248.20. It should also be noted that agencies will need to obtain a mid-level practitioner controlled substances license in order to obtain, store and administer euthanasia drugs.

15) Summary and Purpose of Amendments:

Sections 140.11, 140.13, 140.43 and 140.498 - These amendments affect providers in the Department’s Medical Assistance Program. In general, the changes increase the accountability of vendors and enhance the Department’s ability to control fraud. Some of the specific changes respond to Public Act 92-789.

The amendments to Section 140.11 establish a 180-day probationary enrollment period for non-emergency transportation vendors, require vendors whose investor ownership has changed by 50 percent or more to submit a new application for enrollment in the Medical Assistance Program, and permit the Department to periodically re-enroll classes of providers in the Program and to dis-enroll those providers that fail to submit updated enrollment information.

In Section 140.13, the changes add a definition for “non-emergency transportation vendor” and expand the definition of “management responsibility” to include all individuals in charge of day-to-day operations of a non-emergency transportation vendor.

New Section 140.498 implements the portion of Public Act 92-789 which provides that a non-emergency transportation vendor must submit to a criminal background check as part of the enrollment and re-enrollment process, that the cost of such checks will be borne by the vendor, and that the requirements on criminal background checks are not applicable to privately owned automobiles or to vendors owned or operated by a government agency. Changes are also being made to Section 140.43 to permit post-approval requests to be made to agents of the Department.

Section 140.450 – These amendments pertain to requirements affecting pharmacy records and signature logs. The changes protect the privacy of the persons who are recipients of prescription drugs and simplify record requirements for pharmacies. The specific amendments:
NOTICE OF ADOPTED AMENDMENTS

- eliminate the requirement for pharmacies to record the name of the person for whom a prescription was prescribed on a signature log;

- allow one signature when picking up multiple prescriptions for a single individual;

- allow pharmacies to use optical scanner bar code technology as an alternative to maintaining signature logs;

- permit pharmacies which provide drugs via mail order to use a shipping log instead of a signature log and to allow the shipping log to be maintained electronically; and

  - for pharmacies that utilize optical scanner bar code technology or maintain electronic shipping logs, require paper copies of the retained information to be produced upon the Department's request.

d) Upon notification from the Illinois Health Facilities Planning Board that an exception for a change of ownership has been granted, the Department shall notify the prospective buyer of its obligation under Section 140.12(k) to assume liability for repayment to the Department for overpayments made to the current owner or operator. Such notification shall inform the prospective buyer of all outstanding known liabilities due to the Department by the facility and of any known pending Department actions against the facility that may result in further liability. For long term care providers, when there is a change of ownership of a facility or a facility is leased to a new operator, the provider agreement shall be automatically assigned to the new owner or lessee. Such assigned agreement shall be subject to all conditions under which it was originally issued, including, but not limited to, any existing plans of correction, all requirements of participation as set forth in Section 140.12 or additional requirements imposed by the Department.
DEPARTMENT OF PUBLIC AID

NOTICE OF ADOPTED AMENDMENTS

e) For purposes of administrative efficiency, the Department may periodically require classes of providers to re-enroll in the Medical Assistance Program. Under such re-enrollments, the Department shall request classes of providers to submit updated enrollment information. Failure of a provider to submit such information within the requested time frames will result in the dis-enrollment of the provider from the Program. Such dis-enrollment shall have no effect on the future eligibility of the provider to participate in the Program and is intended only for purposes of the Department’s efficient administration of the Program. A dis-enrolled provider may reapply to the Program and all such re-applications must meet the requirements for enrollment.

f) For purposes of this Section, a vendor whose investor ownership has changed by 50 percent or more from the date the vendor was initially approved for enrollment in the Medical Assistance Program shall be required to submit a new application for enrollment in the Medical Assistance Program. All such applications must meet the requirements for enrollment.

g) Anything in this Subpart B to the contrary notwithstanding, enrollment of a non-emergency transportation vendor, as defined in Section 140.13, shall be conditional for 180 days, during which time the Department may terminate the vendor’s eligibility to participate in the Medical Assistance Program without cause. Upon termination of a non-emergency transportation vendor under this subsection (g), the following individuals shall be barred from participation in the Medical Assistance Program:

1) individuals with management responsibility;

2) all owners or partners in a partnership;

3) all officers of a corporation or individuals owning, directly or indirectly, five percent or more of the shares of stock or other evidence of ownership in a corporation; or

4) an owner of a sole proprietorship.

h) Termination of eligibility, as described in subsection (g) of this Section, and resulting barments are not subject to the Department’s hearing process.

"Management Responsibility". For purposes of this Part, a person with management responsibility includes a person vested with discretion or judgment who either alone or in conjunction with others, conducts, administers or oversees either the general concerns of the vendor; or a portion of the vendor's concerns. A person with management responsibility shall specifically include the pharmacist in a pharmacy, the medical director of a laboratory, the administrator of a hospital or nursing home, the dispatcher in a transportation vendor, dispatchers and all individuals in charge of day to day operations of a non-emergency transportation vendor, the person or persons responsible for preparation and submittal of billings for services to the Department, and the manager of a group practice, clinic or shared health facility.

Section 140.43 Post Approval for Items or Services When Prior Approval Cannot Be Obtained

a) Post approval may be requested for items or services provided during Department nonworking hours, or nonworking hours of its agents, whichever is applicable, or when a life threatening condition exists and there is no time to call for approval.

b) To be eligible for approval consideration, the requirements for prior approval must be met and post approval requests must be received by the Department or its agents, whichever is applicable, no later than 90 days after the date services or goods are provided. Exceptions to this requirement will be permitted only in the following circumstances:

1) The Department or the Department of Human Services has received the patient's Medical Assistance application, but approval of the application has not been issued, as of the date of service. In such a case, the post approval request must be received no later than ninety (90) days after following the date of the Department's Notice of Decision, approving the patient's application.

2) The patient did not inform the provider of his/her eligibility for Medical Assistance. In such a case, the post approval request must be received no later than six (6) months after following the date of service, but will be considered for payment only if there is attached to the request a copy of the provider's dated, private pay bill or collection correspondence, which was addressed and mailed to the patient each month following the date of service.

3) A request for payment was submitted to a third party billing within six (6) months following the date of service. In such a case, a post approval request must be received by the Department no later than 90 days after from the date of final adjudication by the third party.
SUBPART D: PAYMENT FOR NON-INSTITUTIONAL SERVICES

Section 140.450 Record Requirements for Pharmacies

a) Pharmacies shall retain the following basic records:

1) All original prescriptions for Public Aid recipients;

2) All invoices from all suppliers from which the pharmacy acquires goods for which charges are made to the Department; and

3) A method of verification of usual and customary charges to the general public; and

4) A signature log as described in subsection (c) of this Section.

b) A pharmacy shall permit access to these records by authorized Department personnel on request, and shall retain such financial records as are necessary to substantiate acquisition costs for a period of not less than three years from the date of service.

c) The pharmacy shall maintain a log of signatures for the receipt or pick up of prescriptions by the person receiving the prescription. Such log shall list each prescription by prescription number, the name of the person for whom the prescription was prescribed, the date the prescription was picked up and the signature of the person picking up the prescription, except that one signature is sufficient when picking up multiple prescriptions for a single individual. The original prescription must be maintained and match the prescription number on the log.

d) As an alternative to maintaining the signature log described in subsection (c) of this Section, a pharmacy may opt to utilize optical scanner bar technology to document that prescriptions were, in fact, received or picked up. At the Department's request, any pharmacy choosing to utilize optical scanner bar technology must be able to produce paper copies of the information retained electronically through the use of this technology.
DEPARTMENT OF PUBLIC AID

NOTICE OF ADOPTED AMENDMENTS

**e)** For pharmacies providing drugs via mail order, a shipping log may be used as an alternative to the signature log described in subsection (c) of this Section. This mail order shipping log, which may be maintained electronically, must contain the patient's name, address, prescription number, date the prescription was shipped, and the name and/or type of carrier. At the Department's request, any pharmacy choosing to maintain its mail order shipping log electronically must be able to produce paper copies of the information retained in said shipping log.

**f(d)** For pharmacies providing drugs to patients residing in a long term care facility licensed by the Illinois Department of Public Health, the pharmacy shall maintain a signature log as described in subsection (c) of this Section, except that one signature is sufficient for all the medications delivered for a patient and a facility staff member may sign for the receipt of the drugs. Both the facility and the pharmacy are accountable for ensuring the accuracy of the information in the log.

**g(e)** For pharmacies providing drugs to patients who are receiving medications in their homes with the assistance of a home health agency or hospice licensed by the Illinois Department of Public Health, or a registered nurse licensed by the Illinois Department of Professional Regulation, the pharmacy shall maintain a signature log as described in subsections (c) and (f)(d) of this Section, except that one signature is sufficient for all the medications delivered for a patient and a home health agency representative or hospice representative may sign for the receipt of the drugs. Both the pharmacy and the home health agency or hospice are accountable for ensuring the accuracy of the information in the log.

**h(f)** The information required in subsections (c), (f) and (g)(d) of this Section may be kept in an electronic form, including electronic signatures, provided that paper copies of the information, including signatures, can be printed from the electronic file.

**Section 140.498  Fingerprint-Based Criminal Background Checks**

**a)** Non-Emergency Transportation

1) Non-emergency transportation vendors, as defined in Section 140.13, and applicants shall submit to a fingerprint-based criminal background check on current and future information available in the State system for criminal background checks, and current information available through the
Federal Bureau of Investigation’s fingerprint system, by submitting all necessary fees and information in the form and manner prescribed by the Illinois State Police. New vendor applicants must submit to fingerprint-based criminal background checks within 30 days after the submission of the application. At such times as the Department may initiate a re-enrollment of all non-emergency transportation vendors pursuant to Section 140.11(e), the Department may require such vendors to re-submit to fingerprint-based criminal background checks as provided in this Section. Fingerprint-based criminal background checks requested pursuant to Section 140.11(e) must be submitted within 60 days after the submission of such updated enrollment information. Vendors shall be responsible for the payment of the costs of fingerprint-based criminal background checks.

2) The following individuals shall be subject to the fingerprint-based background check:

   A) In the case of a vendor that is a corporation, all officers and individuals owning, directly or indirectly, five percent or more of the shares of stock or other evidence of ownership in a corporate vendor.

   B) In the case of a vendor that is a partnership, every partner.

   C) In the case of a vendor that is a sole proprietorship, the sole proprietor.

   D) Each officer and each individual with management responsibility of the vendor.

3) All individuals required to submit to a fingerprint-based criminal background check must submit their fingerprints to a fingerprint vendor approved by the Illinois State Police. The Department shall provide a list of all approved fingerprint vendors.

4) Within 30 days after any individual identified in subsection (a)(2) of this Section acquiring an ownership interest, pursuant to subsection (a)(2)(A), (B) or (C) of this Section, or assuming management responsibility, pursuant to subsection (a)(2)(D) of this Section, the vendor must notify the Department of such change and the individual must submit to a
Illinois Register

Department of Public Aid

Notice of Adopted Amendments

Fingerprint-based criminal background check within 30 days after such notification.

5) The failure of any individual identified in subsections (a)(2)(A), (B), (C) and (D) of this Section to submit to a fingerprint-based criminal background check, as provided for in this Section, or to provide notification as required in subsection (a)(4) of this Section, will result in the denial of an application or re-application (pursuant to Section 140.11(e)) to participate in the Medical Assistance Program or may result in dis-enrollment, termination or suspension of an enrolled vendor.

6) This Section does not apply to:

A) Vendors owned or operated by government agencies; and

B) Private automobiles.

NOTICE OF EMERGENCY AMENDMENTS

1) Heading of the Part: Illinois Controlled Substances Act

2) Code Citation: 77 Ill. Adm. Code 3100

3) Section Numbers: Emergency Action:
   3100.10  Amendment
   3100.85  Amendment

4) Statutory Authority: Illinois Controlled Substances Act [225 ILCS 425]

5) Effective Date of Amendments: March 5, 2004

6) If these emergency amendments are to expire before the end of the 150-day period, please specify the date on which they will expire: These emergency rules are to expire when the proposed rules are adopted.

7) Date Filed in Index Department: March 5, 2004

8) A copy of the emergency amendments, including any material incorporated by reference, is on file in the agency's principal office and is available for public inspection.

9) Reason for Emergency: Public Act 92-449 created the Humane Euthanasia in Animal Shelters Act; however, it could not be properly implemented without additional statutory changes in the Controlled Substances Act. The Department kept those proposed rules on hold while the requisite statutory changes were sought. With the enactment of PA 93-626, the Department was able to proceed, and the adoption of Title 68, Part 1248 to implement licensure for euthanasia agencies is occurring simultaneously with the filing of these emergency amendments, as the issuance of a license as a euthanasia agency is meaningless if the entity does not also have the ability to obtain and administer the euthanasia drugs.

10) A Complete Description of the Subjects and Issues Involved: Public Act 92-449 provided for animal shelters or animal control facilities licensed by the Department of Agriculture to be certified by the Department of Professional Regulation as euthanasia agencies, while PA 93-626, effective December 23, 2003, provided for these euthanasia agencies to obtain mid-level practitioner controlled substances licenses, enabling them to obtain and administer euthanasia drugs in their facilities. This proposed rulemaking implements the expansion of these mid-level controlled substances licenses, allowing euthanasia agencies to receive a license under the Illinois Controlled Substances Act.

   - 147.Table A Amendment

4) **Date Proposal published in Illinois Register**: May 30, 2003

5) **Date Adoption published in Illinois Register**: December 12, 2003

6) **Date Request for Expedited Correction Published in Illinois Register**: March 12, 2004

7) **Adoption Effective Date**: November 26, 2003

8) **Correction Effective Date**: November 26, 2003

9) **Reason for Approval of Expedited Correction**: The Department proposed amendments to 89 Ill. Adm. Code 147 on May 30, 2003, at 27 Ill. Reg. 8658. These extensive changes were necessary, pursuant to Public Act 92-0848, to establish a new methodology for the nursing component of rates for nursing facilities that is based upon a federally required assessment tool, the Minimum Data Set (MDS).

   During the rulemaking period, a number of changes were made in the proposed amendments. However, one agreed upon change concerning the amendments in Section 147.150 does not appear in the adopted rule text as published on December 12, 2003, at 27 Ill. Reg. at 18680. This unintentional discrepancy, which is at the end of Section 147.150(c)(1)(B), appears in the published adoption as "the base wage"; however, the text should read "the mean wage"

   Two other unintentional discrepancies involve changes that were made during the second notice period, but do not appear in the published adoption. Under Section 147.Table A, subsection (e)(5) Mental Health Services (Psychosocial Adaptation Services), one MDS item was changed to read, “Any Ela-p>0”, but the published adoption reads, “Any Ela-p>1”.

   Similarly, under Section 147.Table A, subsection (e)(5) Mental Health Services (Psychiatric Rehabilitation Services), Level 5, the numbers found for the five MDS Items were changed to “>1”, but they appear as “>0” in the published adoption.
DEPARTMENT OF PUBLIC AID

NOTICE OF EXPEDITED CORRECTION

The expedited correction of these inadvertent errors will allow for accurate implementation of the MDS-based reimbursement system. Without these changes, facilities will not be given the proper credit in the reimbursement system for certain residents. The Department will ensure that distribution of the corrected rules will be made to the affected public and long term care industry.

**AUTHORITY:** Implementing and authorized by Articles III, IV, V, VI and Section 12-13 of the Illinois Public Aid Code [305 ILCS 5/Arts. III, IV, V, VI and 12-13].

Section 147.150 Minimum Data Set (MDS) Based Reimbursement System

a) Public Act 92-0848 requires the Department to implement, effective July 1, 2003, a payment methodology for the nursing component of the rate paid to nursing facilities. Reimbursement for this component shall be calculated using the Minimum Data Set (MDS). Increased reimbursement under this payment methodology shall be paid only if specific appropriation for this purpose is enacted by the General Assembly.

b) The nursing component of the rate shall be calculated annually and may be adjusted quarterly. The determination of rates shall be based upon a composite of MDS data collected from each eligible resident in accordance with Section 147. Table A for those eligible residents who are recorded in the Department's Medicaid Management Information System as of 30 days prior to the rate period as present in the facility on the last day of the second quarter preceding the rate period. Residents for whom MDS resident identification information is missing or inaccurate, or for whom there is no current MDS record for that quarter, shall be placed in the lowest MDS acuity level for calculation purposes for that quarter. The nursing component of the rate may be adjusted on a quarterly basis if any of the following conditions are met:

1) Total variable nursing time for a rate quarter as calculated in subsection (c)(1) of this Section exceeds total variable nursing time calculated for the previous rate quarter by more than five percent.

2) Total variable nursing time for a rate quarter as calculated in subsection (c)(1) of this Section exceeds:
   A) total variable nursing time as calculated for the annual rate period by more than ten percent;
   B) total variable nursing time as recalculated and adjusted for the annual period by more than five percent.

3) Total variable nursing time for a rate quarter as calculated in subsection (c)(1) of this Section declines from the total variable nursing time as
calculated for the annual period by more than five percent. No quarterly nursing component rate reduction shall exceed five percent from the previous rate quarter.

c) Per diem reimbursement rates for nursing care in nursing facilities consist of three elements: variable time reimbursement; fringe benefit reimbursement; and reimbursement for supplies, consultants, medical directors and nursing directors.

1) Variable Time Reimbursement. Variable nursing time is that time necessary to meet the major service needs of residents that vary due to their physical or mental conditions. Each need level or specific nursing service measured by the Resident Assessment Instrument is associated with an amount of time and staff level (Section 147.Table A). Reimbursement is developed by multiplying the time for each service by the wage(s) of the type of staff performing the service except for occupational therapy, physical therapy and speech therapy. If more than one level of staff are involved in delivering a service, reimbursement for that service will be weighted by the wage and number of minutes allocated to each staff type. When a service can be provided by either a registered nurse (RN) or licensed practical nurse (LPN), the wage used will be weighted by the average mix of RNs and LPNs in the sample of facilities used to set rates. In calculating a facility's rate, the figures used by the Department for wages will be determined in the following manner:

A) The mean wages for the applicable staff levels (RNs, LPNs, certified nursing assistants (CNAs), activity staff, social workers), as reported on the cost reports and determined by regional rate area, will be the mean wages.

B) Fringe benefits will be the average percentage of benefits to actual salaries of all nursing facilities based upon cost reports filed pursuant to 89 Ill. Adm. Code 140.543. Fringe benefits will be added to the mean base wage.

C) The base wage, including fringe benefits, will then be updated for inflation from the time period for which the wage data are available to the midpoint of the rate year to recognize projected base wage changes.

D) Special minimum wage factor. The process used in subsection (c)(1)(A) of this Section to determine regional mean wages for
DEPARTMENT OF PUBLIC AID

NOTICE OF EXPEDITED CORRECTION

RNs, LPNs and CNAs will include a minimum wage factor. For those facilities below 90% of the Statewide average, the wage is replaced by 90% of the Statewide average.

E) On July 1 of each year beginning July 1, 2003, the base wage calculated in subsection (c)(1)(C) of this Section shall be multiplied by a ratio:

i) The numerator of which is the quotient obtained by dividing the amounts estimated by the Department to be available in the rate period for the nursing component of the rate Statewide by the Department's estimate of the number of patient days Statewide for the rate period eligible for reimbursement from the Department.

ii) The denominator of which shall be the mean Statewide base rate per patient day.

2) Vacation, Sick Leave and Holiday Time. The time to be added for vacation, sick leave, and holidays will be determined by multiplying the total of Variable Time by 5%.

3) Special Supplies, Consultants and the Director of Nursing. Reimbursement will be made for health care and program supplies, consultants required by the Department of Public Health (including the Medical Director), and the Director of Nursing by applying a factor to variable time and vacation, sick leave and holiday time. (A list of consultants required by the Department of Public Health can be found in 77 Ill. Adm. Code 300.830).

A) Supplies will be updated for inflation using the General Services Inflator (see 89 Ill. Adm. Code 140.551). Health care and program salaries shall be updated for inflation using the Nursing and Program Inflator (see 89 Ill. Adm. Code 140.552). A factor for supplies will be the Statewide mean of the ratio of total facility health care and programs supply costs to total facility health care and programs salaries.

B) The Director of Nursing and the consultants will be updated for inflation using the Nursing and Program Inflator (see 89 Ill. Adm. Code 140.552). A factor for the Director of Nursing and
NOTICE OF EXPEDITED CORRECTION

consultant costs shall be the Statewide mean of the ratio of all facilities Director of Nursing and consultant costs to total facility health care and programs salaries.

C) These costs shall be updated pursuant to cost reports as referenced in 89 Ill. Adm. Code 153.125(f).

d) Determination of Facility Rates.
An amount for each resident will be calculated by multiplying the number of minutes from the assessment by the appropriate wages for each assessment item (see subsection (c)(1) of this Section), adding the amounts for vacation, sick and holiday time (see subsection (c)(2) of this Section), and supplies, consultants, and the Director of Nursing (see subsection (c)(3) of this Section). The average of the rates for eligible residents assessed will become the facility's per diem reimbursement rate for each eligible resident in the facility.

e) A transition period from the payment methodology in effect on June 30, 2003, to the payment methodology in effect July 1, 2003, shall be provided for a period not exceeding June 30, 2005, as follows:

1) MDS-based rate adjustments under this Section shall not be effective until the attainment of a threshold. The threshold shall be attained at the earlier of either:
   A) when all nursing facilities have established a rate (sum of all components) which is no less than the rate effective June 30, 2002, or
   B) July 1, 2005.

2) For a facility that would receive a lower nursing component rate per resident day under the payment methodology effective July 1, 2003, than the facility received June 30, 2003, the nursing component rate per resident day for the facility shall be held at the level in effect on June 30, 2003, until a higher nursing component rate of reimbursement is achieved by that facility.

3) For a facility that would receive a higher nursing component rate per resident day under the payment methodology in effect on July 1, 2003, than the facility received June 30, 2003, the nursing component rate per
NOTICE OF EXPEDITED CORRECTION

residential day for the facility shall be adjusted based on the payment methodology in effect July 1, 2003.

4) Notwithstanding subsections (e)(2) and (3) of this Section, the nursing component rate per resident day for the facility shall be adjusted in accordance with subsection (c)(1)(E) of this Section.

**Section 147. TABLE A Staff Time (in Minutes) and Allocation by Need Level**

a) Effective July 1, 2003, each Medicare and Medicaid certified nursing facility shall complete, and transmit quarterly to the Department, a full Minimum Data Set (MDS) for each resident who resides in a certified bed, regardless of payment source. A description of the MDS items referenced in the tables found following subsection (e) of this Table A are contained in the Long Term Care Resident Assessment Instrument User's Manual available from the Centers for Medicare and Medicaid Services, 7500 Security Boulevard, Baltimore, Maryland 21244 (December 2002).

b) Table A identifies 37 MDS items that shall be used to calculate a profile on each Medicaid-eligible resident within each facility.

c) The profile for each Medicaid-eligible resident shall then be blended to determine the nursing component of the nursing facility’s Medicaid rate.

d) Each MDS item in Table A includes a description of the item and the variable time referred to in Section 147.150(c)(1). The variable time assigned to each level represents the type of staff that should be delivering the service (unlicensed, licensed, social worker and activity) and the number of minutes allotted to that service item.

e) Following is a listing of the 37 reimbursable MDS items found in Table A.
