- In the next 7-10 days, you will receive a *UI Claimant Wage Information Sheet* in the mail (see above). It contains facts including your weekly benefit amount and certification day.
- **Your Bi-Weekly Call Day** is the day you need to claim weeks of benefits (certify). You must certify on the day indicated regardless of a possible adjudication interview. If you miss your regular day, you may still certify on Thursday or Friday of that week.
- An adjudication interview may be required to determine eligibility. You will receive a letter with the date and time of a **phone interview**, if needed. If you cannot be available at the date and time of your scheduled interview, it is **your responsibility** to contact your local office.
- The first week of benefits following an initial claim is referred to as a **waiting week**. Although you must certify and be eligible for this week, **you will not be paid for it**.
- You should receive the benefit payment by **direct deposit or debit card** three days after you **certify**.
- You must **retain a copy of your work search efforts** for 53 weeks after requesting / receiving benefit credit.
- **Address and Name Changes:**
 - The Postal Service will not forward IDES mail.
 - Tele-Serve will inform you of the telephone number to make changes.

You have filed your claim and received the *UI Claimant Wage Information Sheet* with your day to certify. Now **you** must certify (request benefit payment) **every two weeks**. There are two ways to claim your weeks of unemployment insurance benefits: certify online via the website at www.ides.state.il.us or by phone using the Tele-serve system. Both methods are safe and convenient. **If you do not call to certify, you will not receive your unemployment benefits.**

Online Certification

Monday through Friday

Go to our website at <http://www.ides.state.il.us> and click on the link for 'Claim Weeks of Benefits (Certify for Benefits)'. You will need to log in to certify. After log in (and registration if you haven't already) you will be directed to the Landing Page. Select the option, 'Claims Certification.'

Tele-Serve:

1-888-337-7234 Monday through Friday

TDD/TTY 1-800-662-3943 Monday through Friday 8:30 a.m. to 5:00 p.m.

The first time you call, **you will create a personal identification number (PIN)** Write it down and keep your PIN number. You'll need it every time you call.

When you call, have the following information available:

- your social security number and your PIN
- any gross wages you earned (before taxes and other deductions) during the certification period
- your latest *Statement of Certification* form, if applicable
- paper and pencil to record any information given to you during your call.

After dialing Tele-Serve, enter your PIN and answer the automated questions using a touch-tone phone. **Do not hang up until Tele-Serve tells you your claim has been accepted.**

You will receive a *Statement of Certification* in the mail. This will give you your next day to certify and your confirmation number, which you'll need for your next call. **KEEP THIS FORM.** In most cases, this confirmation number will allow you to certify without having to answer each question every time. If you do not receive this statement or lose it, continue to call on your scheduled day. You can certify even if you do not have your Confirmation Number.

Benefit Rights Information

A Few Simple Guidelines to Avoid Claim Processing Delays

- **Your claim information is confidential** under the law. We cannot give claim information to your spouse or other family members. However, pursuant to Section 1900 of the Unemployment Insurance Act, any information that you provide to the Department of Employment Security in connection with your claim may be shared with your former employers or their representatives.
- If notified to report to the office, you should **bring documents establishing your identity**. We will provide information on your claim only if you can sufficiently identify yourself. Also, bring the most recent notification received from IDES, as well as your current work-search list, in case there are questions regarding your compliance with work-search requirements.
- **You must serve a waiting week** on each benefit year. This is the first eligible week of your claim. **No benefits are paid for the waiting week**. To receive waiting week credit, you must file a claim for the week and be otherwise eligible for benefits for the week.
- **Unemployment Insurance is subject to State and Federal income taxes** (except the first \$2400 for 2009 only). You may voluntarily elect to have either or both State and Federal income taxes deducted and withheld from your benefit payments. Withholding is at pre-set levels only: 10% for Federal and 3% for State of Illinois.
- **If you were last employed by a temporary help firm**, failure to contact that firm each week may affect your eligibility for benefits.
- **Under Federal guidelines**, you may be identified as eligible for reemployment services offered by various state and local organizations. If you are referred by IDES to any of these reemployment services, you are **required to participate** in those services, or your benefits may be suspended.

Interview Process:

- **It may be necessary for you to be interviewed regarding your eligibility for benefits**. In these cases, you will be informed on the day you file your claim of the date and time of the interview, or you will receive a notice by mail providing you with this information. **Most interviews will be conducted by telephone**. Failure to be available for the interview may affect your eligibility for benefits. **If you cannot be available at the date and time of the scheduled interview, it is your responsibility to contact your local office**.

Certification Process:

- **Internet and Tele-Serve filers should file on their assigned day or on open days**. There are two ways you can certify: over the telephone and on the IDES Web site at www.ides.state.il.us. Late certifications will not be accepted. **Failure to certify on your assigned day could cause denial of benefits or a delay in processing your benefits**.

Unless you have been otherwise instructed by IDES, you must be actively looking for work while receiving benefits. **You must maintain your work search information on a weekly basis on the form provided by IDES.** The days that you look for work must occur during each of the weeks for which you claimed benefits. **It is your responsibility to provide your work search upon request.** Failure to do so may result in a denial of benefits. If you are called to report to the IDES office, you will need this list. The law provides penalties for giving false answers to obtain benefits.

Important Notice: Keep Those Work Search Records

- An initial determination that you were actively seeking work during a week for which you claimed benefits is subject to later reconsideration. (The determination may be reconsidered even though you have been paid benefits or have since returned to work.) To preserve evidence that you were actively seeking work, do not discard your written work search record for any week being claimed until one year has passed from the end of that week. Further, if there is an appeal pending regarding your active work search for a week, keep your written work search until there has been a final resolution of the matter.
- **Report your return to work to IDES immediately!** Employers are required to report all new hires to this agency immediately. These reports are used to identify individuals who are collecting Unemployment Insurance benefits after they have returned to work. Failure to report your return to work, or all gross wages earned during weeks covered by your certification, will result in an overpayment of benefits and possibly a determination of fraud. If fraud is determined, consequences could include the imposition of penalty weeks, and prosecution for State benefit fraud.
- **You must report all gross wages earned** during the weeks covered by the certification. These wages must be reported for the week in which they are earned, not the week in which you receive payment. If your gross wages in any week are less than your weekly benefit amount, you may still be eligible to receive part of your benefit payment.
- **You should receive your payment and/or other response within 10 working days** after filing your certification. Tele-Serve allows you to get information about your benefits whether you certify by Internet, mail or by phone. When calling for payment information, telephone filers should allow one business day after filing. You must allow time for processing and delivery. **Please call Tele-Serve before you contact your local office about your benefits.**
- **You have the right to appeal** any decision denying your benefits. If you have any questions about your appeal rights, contact your local IDES office. If you filed an appeal, **continue to file your certification** for your weeks of unemployment **even though you may not receive benefits until the appeal is decided.**
- **Keep in touch with the Employment Service.** We encourage you to visit your IDES office or use Illinois Skills Match, our computerized job search system, to view job listings. On any given day, Illinois Skills Match will contain thousands of jobs in Illinois and around the U.S., together with information on Federal civil service job opportunities. Log on at www.IllinoisSkillsMatch.com.

Remember:

- You will receive a UI Claimant Wage Information Sheet with your day to call Tele-Serve. Be sure to call on the day specified, regardless of a possible adjudication interview.
- You must certify for your eligibility for benefits every two weeks.
- If an adjudication interview is required, you will receive an interview notice in the mail. Be sure to be at your telephone number of record for the interview.
- You must serve a waiting week on each benefit year. No benefits are paid for the waiting week.
- Retain a copy of your work search efforts.
- Unemployment Insurance is subject to State and Federal income taxes.
- If you were last employed by a temporary help firm, failure to contact that firm each week may affect your eligibility for benefits.
- You must report wages in the week earned, not received.
