electric line in Bloomington,  | : | : |
Illinois.

AMENDATORY ORDER

By the Commission:

On September 6, 2012, the Illinois Commerce Commission ("Commission") entered an Order granting Ameren Illinois Company ("Ameren") a Certificate of Public Convenience and Necessity ("Certificate") authorizing it to construct, operate, and maintain a new 345 kilovolt ("kV") electrical transmission line ("Transmission Line") between its Brokaw and South Bloomington Substations, in an area southeast of Bloomington, Illinois, pursuant to Section 8-406.1 of the Public Utilities Act ("Act"), 220 ILCS 5/1-101 et seq. The Appendix to the Order includes both a legal description and a map. The legal description is accurate, but the wrong map is attached. The map in the Appendix reflects the Alternate Route, rather than the Transmission Line Primary Route, which is the route approved by the Commission.

The attached Revised Appendix contains both the legal description and a map of the Transmission Line Primary Route approved in the Certificate. The Certificate should be amended to include the Revised Appendix.

IT IS THEREFORE ORDERED that the Order entered by the Commission on September 6, 2012 is hereby amended so that the Certificate of Authority shall read as follows:

CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY
IT IS HEREBY CERTIFIED that the public convenience and necessity require (1) construction, operation, and maintenance by Ameren Illinois Company d/b/a Ameren Illinois of a transmission line as legally described in and shown on the Revised Appendix attached hereto, together with such related facilities, land rights, ties to adjacent transmission lines, or repairs, as are or may become reasonably necessary to promote the public convenience and necessity and to secure adequate service; and (2) the transaction of an electric public utility business in connection therewith, all as herein before set forth.

IT IS FURTHER ORDERED that except as specifically modified herein, the Order entered September 6, 2012 remains in full effect and applicability as written.

IT IS FURTHER ORDERED that, subject to the provisions of Section 10-113 of the Public Utilities Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By order of the Commission this 24th day of October, 2012

(SIGNED) DOUGLAS P. SCOTT

Chairman
